BLUE **PREVENTIVE MAINTENANCE**
Preventive maintenance programme

Our popular Volvo Blue Contract is a programme of regular inspections and services to maintain your vehicle in line with Volvo recommendations.

The work is carried out by highly skilled Volvo technicians and only Genuine Volvo Parts and lubricants are used.

Moreover, any commercial vehicle can be included in the programme, irrespective of age or mileage.

SILVER **DRIVELINE REPAIRS AND PREVENTIVE MAINTENANCE**
Assurance for driveline components

The Volvo Silver Contract is an assurance plan for the driveline components. All the items are covered against wear and tear as well as premature failure.

Even high tech parts that are complex and difficult to repair are included.

This plan works alongside the existing Volvo Warranty, it is available at the point of purchase and can provide cover for your new Volvo truck for up to 5 years – giving you total driveline peace of mind during that time.

There will be no unexpected repair bills and you'll have the full support of Volvo's Preventive Maintenance Programme, with all services and inspections carried out to the highest standards.

GOLD **CONTRACT MAINTENANCE**
A fully comprehensive maintenance programme

The Volvo Gold Contract is the simplest way to hand over the upkeep of truck(s) to Volvo.

For a fixed monthly payment, we'll shoulder the work and responsibility for an agreed period.

All Volvo mechanical and electrical components are covered as part of a comprehensive programme, which also includes 24 hour roadside assistance.

The package can be tailored to your specific needs and may even include non-Volvo trucks, trailers, fridges, tail lifts and hydraulics.
